WAREWASHING & LAUNDRY EQUIPMENT BY ECOLAB

Improved Results, Safety and Efficiency

ECOLAB®

Everywhere It Matters.™

WAREWASHING EQUIPMENT

Cleaner Wares, Smoother Operations

Partner with Ecolab and you'll have access to the industry's leading warewashing equipment and processes to help speed productivity, increase employee safety, conserve utilities, reduce breakage and improve warewashing results.

- Enable chemistry to contact wares for optimal cleaning and fewer rewashes
- Address safety and storage concerns
- Increase dishroom efficiency

Dishmachine Curtains | 27

- Optimize warewashing results by maintaining appropriate temperature
- Help avoid water splashing which can create safety hazards

Pre-Scrap Baskets | 22

- Minimize waste disposal damage and loss of cutlery

Eco-Spray® Pre-Rinse Sprayers | 20

- Minimize water consumption while providing optimal pre-scrapping results

Silvermaster® System | 16

- Provide a space-saving silverware presoak system to help achieve spotless results

Ecolab Racks | 4

- Help achieve quality, one-pass warewashing results
- Reduce breakage
- Customize with color, labels and branding

Sortmaster® Breakdown Station Cart | 15

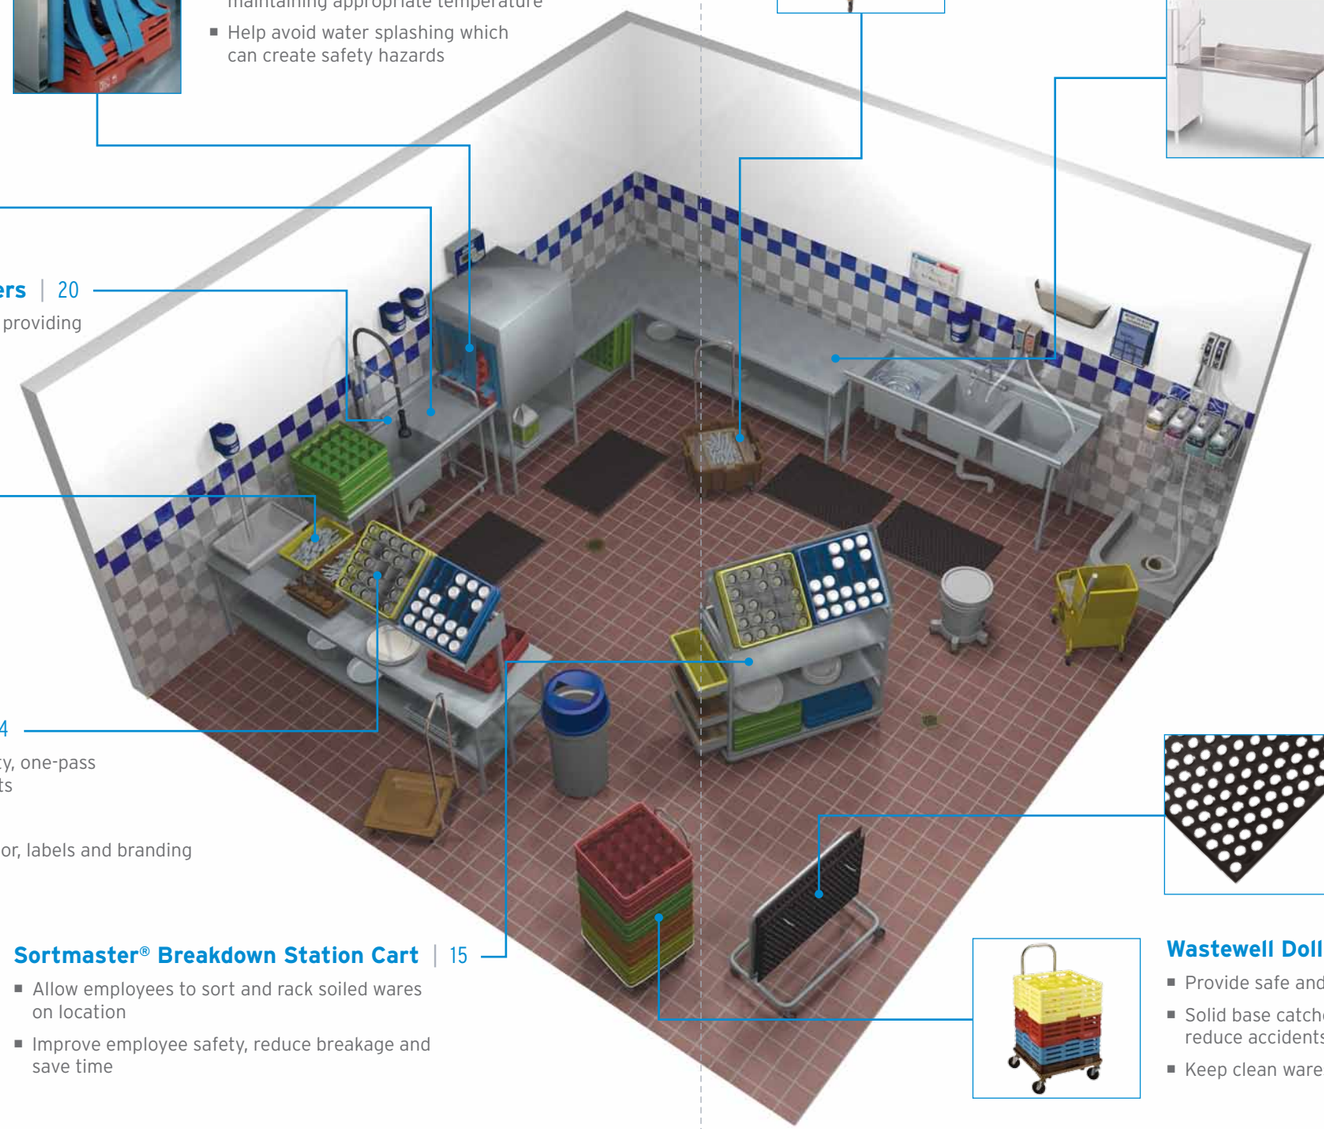
- Allow employees to sort and rack soiled wares on location
- Improve employee safety, reduce breakage and save time

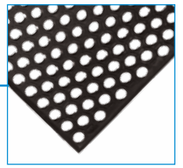
Soak Master® | 17

- Deliver excellent presoaking results

Stainless Steel Tables | 22

- Improve overall workflow and assist in reducing labor costs





Mats | 24

- Reduce the risk of injury by minimizing slipping hazards
- Provide a more comfortable work environment for employees

Wastewell Dollies | 14

- Provide safe and efficient transportation
- Solid base catches excess water to help reduce accidents
- Keep clean wares off the floor

ECOLAB RACKS

Achieving the Best Possible Results, Organization and Safety

Ecolab racks are an essential component of any quality warewashing program. With 50+ years of experience in dishmachine racking solutions, Ecolab offers customers the industry's most trusted racks, designed to deliver the highest quality results and lower overall use costs by:

- Promoting one pass warewashing
- Minimizing breakage
- Facilitating ease of use

ECOLAB RACK SOLUTIONS PROVIDE:

Superior Results

- Open design improves warewashing results and faster drying times
- Tapered grid dividers enable water to move up and around the glasses for a spot-free cleaning action
- Tilt cup drain bar decreases drying time and reduces spotting (pictured)
- Promote one-pass warewashing and a better return on your chemical investment

Breakage Reduction

- Made of a shock-resistant construction featuring double sidewalls
- Custom-fitted to wares, so compartment size protects the specific contents
- Full-perimeter, interlocking edges allow racks to stack securely for proper storage and transporting
- "Finger freeways" provide a sure grip while handling glassware

Durability

- An interlocking system places 12 integrated fasteners at each level of the rack
- Fastening system is subjected to 1000 PSI and is constructed of the same material as the rack, which will never rust

Ease of Handling

- Rounded corners allow the racks to easily pass through conveyor machines
- Lightweight for employee safety
- Integrated, easy-to-grip rounded handles
- Ecolab wastewell dollies provide stable storage and safe mobility

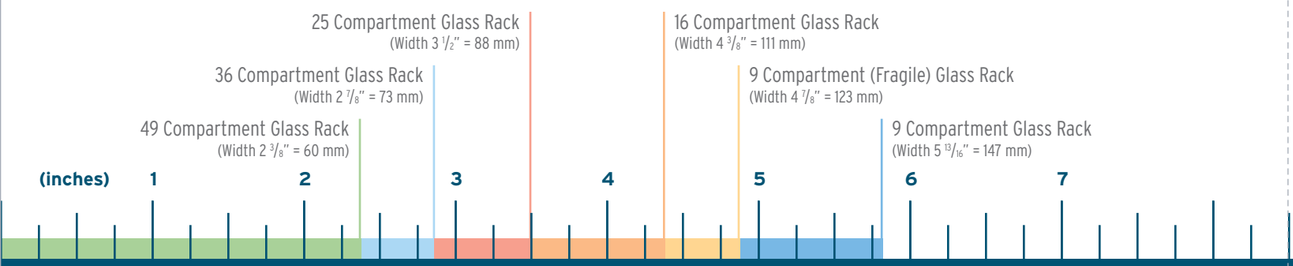
FULL-SIZE GLASS RACKS

Solutions for all Glassware

Let the experts at Ecolab design a racking program tailored for your specific needs. Choose from 9, 16, 25, 36 or 49 compartment racks with your choice of any combination of eight colors. Ecolab can customize racks to fit each glass type and can use color-coding and labeling to improve identification and organization of clean glasses.

1. Measure the height of your glass along the vertical ruler. Select a rack height that is just bigger ($^1/_{16}$") than your glass to prevent damage when stacking racks.
2. Determine the number of compartments needed by placing the widest part of your glass on the horizontal ruler. Find the marker that is just bigger than your glass.
3. Customize your rack to meet your needs through color-coding and adding heat stamped words or icons.

The colors below correspond to the compartment sizes of the RKM-I Glass and Cup Sizing Tool.



25 Compartment Glass Rack
(Width 3 1/2" = 88 mm)
16 Compartment Glass Rack
(Width 4 3/8" = 111 mm)
36 Compartment Glass Rack
(Width 2 7/8" = 73 mm)
9 Compartment (Fragile) Glass Rack
(Width 4 7/8" = 123 mm)
49 Compartment Glass Rack
(Width 2 3/8" = 60 mm)
9 Compartment Glass Rack
(Width 5 13/16" = 147 mm)
(inches) 1 2 3 4 5 6 7

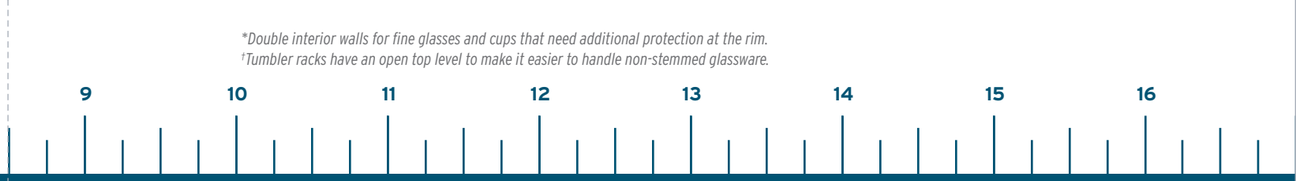
**Double interior walls for fine glasses and cups that need additional protection at the rim.*
†Tumbler racks have an open top level to make it easier to handle non-stemmed glassware.

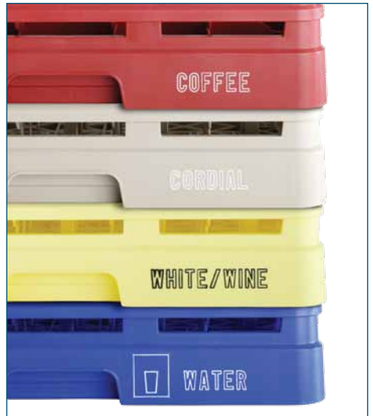


CUSTOMIZE YOUR RACKS

Color Coding For Better Identification

- 8 colors to choose from that can be mixed and matched for easy identification*
- Helps inventory management by assigning specific color combinations for different glassware, restaurants or departments
- Carefully planning your color options helps cross any language barriers – let your Ecolab representative provide his or her expert advice

**49 Compartment Racks are only available in red, yellow, brown and beige*



Add Branding and Labels For Greater Efficiency

- Ecolab racks are branded using a heat stamping method that is durable and permanent that will not wear off over time
- Custom wording with up to 9 characters can be added, in any language using the English alphabet
- Over 50 icons are available to help cross language barriers

Already have Ecolab racks and want to add labels? Ecolab makes snap-on clips.
(92911213)

- Dark blue with white lettering
- One word per clip, up to 9 characters
- Not available for half racks

HALF-SIZE GLASS RACKS

Space Saving Solutions for Glassware

For the areas that have limited storage space, these half racks optimize available space. All the best features of Ecolab racks are still integrated in these 10" x 19 3/4" racks. *(Available in yellow, beige and brown)*

MAXIMUM HEIGHT For taller racks, call 1-800-35-CLEAN	Half-Size Glass Racks – 10" x 19 3/4" (25.4 x 50 cm)

**Tumbler racks have an open top level to make it easier to handle non-stemmed glassware.*
For half racks with the smaller holes of a silverware base, request base #9411.

CUP RACKS

Special Solutions for Cups

Cups and mugs are designed differently than typical glassware, so they should have racks specifically made to handle these characteristics. Ecolab innovations such as the tilt cup drain bar help achieve optimal cleaning results for cups.
(Available in all eight colors on page 6)

HINGED AND LATCHED RACKS

Racks to Prevent Flipping and Damage

Every operation has small items that are susceptible to being thrown from racks during washing, risking damage to the items and the dishmachine. Ecolab racks have addressed this by incorporating hinged tops.

Latched Racks with Silverware Base

The bottom of this rack is designed with a tighter pattern to help keep small items from falling through.
(Available in beige only)

- 6411-P1 (HL) . . . . . 2 7/8" H. 92921063
- 6411-P2 (HL) . . . . . 4 3/8" H 92921071
- 6411-P3 (HL) . . . . . 5 7/8" H 92921089
- 6411-P4 (HL) . . . . . 7 5/16" H 92921097
- 6411-P5 (HL) . . . . . 8 3/4" H 92921402
- 6411-P6 (HL) . . . . . 10 1/8" H. 92921410

Hinged Racks with Open Base

The bottom grid on the 6320 series is very open and is best used for larger items. (H) = hinged and (HL) = hinged with locking latch (shown).
(Available in all eight colors on page 6)

- 6320-0 (H). . . . . 2 7/8" H 92911957
- 6320-0 (HL). . . . . 2 7/8" H 92911965

- 6320-3 (HL). . . . . 7 5/16" H. 92912112

Latched Ramekin Rack

This ramekin rack with latched lid is specifically designed to maximize cleaning performance for small items that jump out of ordinary racks during the washing cycle. *(Available in brown only)*

- 6000-S. . . . . 1 1/2" H 92911833

TRAY AND PLATE COVER RACKS

Superior Cleaning Results Plus Cost Savings

Without open-end tray racks, dishwashers may place trays on top of other rack loads, shielding those wares from proper washing, and cleaning only one tray per cycle. Improve cleaning and wash more pans per cycle with Ecolab's open-ended tray racks and plate cover racks.

Open-End Sheet Pan & Insulated Food Tray Racks

This sturdy sheet pan rack holds trays at the correct angle for thorough washing. These racks slant pans to reduce height for commercial dishmachine clearance.

(Available in beige only)

- 62", 3-Rack Shelf 96002191
- 82", 4-Rack Shelf 96002209

Rack Shelf®

Made of high-impact ABS plastic, this shelf is perfect for operations with limited space. Measures 16" H x 22" W x 16 ¼" L.

- Rack Shelf® with Drain Kit 92902386
- Drain Kit 92901081

SILVERWARE SOLUTIONS

Racks to Ensure Spotless Flatware

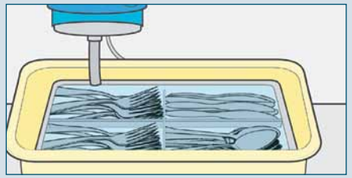
Flatware handling and washing is an area that can produce "spotty" results and increased labor if not addressed properly. With Ecolab's Silvermaster® and Soak Master® systems, improved results are just a few steps away. To ensure best possible cleaning, use with one of Ecolab's industry-leading presoaks.

Silvermaster® Starter Set

Sort tableware at the dish table with this space-saving silverware management system to eliminate the need for employees to handle flatware multiple times. This kit includes three soak pans (labeled "fork," "spoon" and "knife"), six Silversoak carrier washers (SSCW-1) and three cylinder carrier washers (CCW-8) with eight round silverware washing baskets each (7201). Each soak pan measures 5 ½" x 12 ½" x 24".

- 92906023

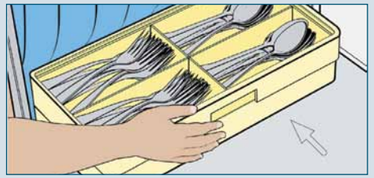
PROPER FLATWARE WASHING & SANITIZING:



Presoak

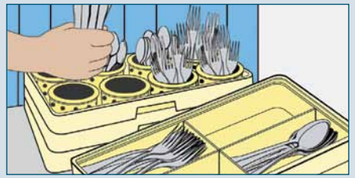
Using an Ecolab presoak, soak flatware in warm solution (110˚F - 140˚F) in a soak pan until soil is loosened.

TIP: Change presoak solution when water cools or is dirty.



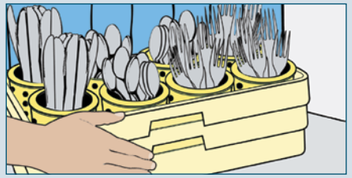
Rinse & Wash

Place flatware in a single layer in an open rack or Silversoak carrier washer. Rinse off excess food soil, then wash in dishmachine. Do not overload.



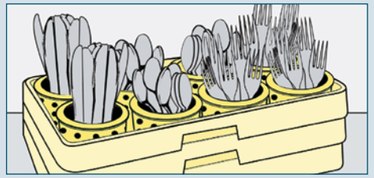
Sort & Transfer

Sort flatware and transfer from the open rack to the washing baskets, with the handles down.



Wash in Dishmachine

Place washing baskets in cylinder carrier washer and wash in dishmachine.



Air Dry & Cool Down

Shake off excess water, then allow to air dry and cool down.

Store

Transfer to empty silverware washing baskets and store flatware with handles up. Do not touch eating ends of flatware.

Soak Master®

Soak Master® tank and dolly with handle. High-capacity, 20-gallon, polyethylene soaking tank is ideal for full-size racks and grease filters. The height of this system allows silverware to be soaked vertically, and even steak knives can be immersed while the wood handles are not exposed to the solution. Brim size 28 ½" x 28 ½". Inside depth is 12". Overall height (including dolly casters) is 20".

Mini Silvermaster® Set

This kit includes two soak pans, four Silversoak carrier washers (SSCW-1) and two cylinder carrier washers (CCW-8) with eight round silverware baskets (7201) each.

(Available in beige only)

- 92906056

4 Compartment Mini Silvermaster® Set

This kit includes one soak pan, two cylinder carrier washers (CCW-8) with eight round baskets (7201) each and three four-compartment silversoak carrier washers (SSCW-4).

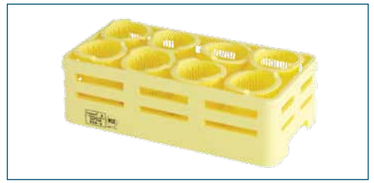
(Available in beige only)

- 92906031

Silversoak Carrier Washer

Convenient all-in-one rack: wash, store and transport silverware. Measures 20" x 10" x 2". *(Available in brown, beige and yellow)*

- SSCW-1..... 92913634 *(brown)*
  92913633 *(beige)*
  92913635 *(yellow)*



Cylinder Carrier Washers

Plastic rack with eight round silverware baskets designed for washing, storing and transporting flatware. The silverware basket rack is 19 ¾" x 10" x 5 ¾".

(Available in yellow, beige and brown)

- CCW-8 ..... 92986009 *(brown)*
  92986017 *(beige)*
  92986025 *(yellow)*

4 Compartment Carrier Washer

Convenient all-in-one carrier and washing rack for washing, storing and transporting flatware. Measures 20" x 10" x 2" H. *(Available in beige, brown and yellow)*

- SSCW-4 ..... 92913637 *(brown)*
  92913636 *(beige)*
  92913638 *(yellow)*

SILVERWARE SOLUTIONS *(Continued)*

Round Silverware Washing Basket

4 ⅝" outside top diameter, 3 ½" inside top diameter, 5" H. Sold in packs of 12.
(Available in beige, brown, white and yellow)

- 7201 . . . . . 92902550 *(brown)*
  92902568 *(beige)*
  92902576 *(yellow)*
  92902592 *(white)*

Square Silverware Washing Basket

Measures 3 ½" sq. x 5" H. Sold in packs of 12. *(Available in beige, brown, white and yellow)*

- 7101 . . . . . 92902535 *(brown)*
  92907039 *(beige)*
  92902527 *(yellow)*
  92902543 *(white)*

8 Compartment Basket

8 compartment silverware basket. Measures 16 ¾" W x 8" D x 6" H. Not designed to be used with round baskets (7101). Can be used in place of cylinder carrier washer.

- Plastic . . . . . 92902501 *(shown)*
- Stainless Steel 92902618

6 Compartment Silverware Dispenser

Measures 16" W x 11" D x 12" H. Round baskets (7101) not included.
(Available in beige only)

- 92902667

4 Compartment Flatware Dispenser

Great solution for sorting and storing flatware. Measures 11" x 19" x 3".
(Available in brown only)

- 92902782

Soak Pans

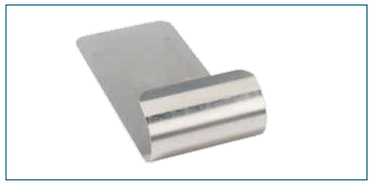
Image of utensil is embossed on these 5 ½" x 12 ½" x 24" soaking pans.

- Soak Pan Fork . . . . . 92902253 *(brown)*
- Soak Pan Spoon. . . . . 92902261 *(beige)*
- Soak Pan Knife. . . . . 92902279 *(yellow)*
- Soak Pan *(not embossed)* . . . 92902042 *(brown)*
  92902410 *(beige)*
  92902436 *(yellow)*

Soak Pan Stand

This space-saving device allows easy access to two soak pans on the bottom and one elevated. Measures 11" x 8 ¼" x 12".

- 92901909



Silva Shine Bar

For silver plate detarnishing. Pack of 3. Fits in Silvermaster® sets.

- 92901065

Bus Pan

15" W x 20" L. *(Available in brown only)*

- 5" H 92902857
- 7" H 92902865

DIVIDED BUS PAN

- 6 ⅛" H x 17 ¾" W x 22 ⅞" L . . . 92902002

Flatware Retrievers

Ecolab's flatware retrievers are designed so waste passes through but valuable tableware is grabbed by the powerful magnet. This provides potential savings of thousands of dollars.

THE CHUTE™ II

- Fits 32- and 44-gallon round cans 96202825

JUMBO CHUTE

- Fits 55-gallon round cans 96203039

JUNIOR CHUTE

- Rectangle fits 18- and 23-gallon 21" x 7" x 12" . . . 96202981

PRE-RINSE SOLUTIONS

Pre-rinsing Wares Effectively and Efficiently Promotes One-Pass Warewashing

Pre-rinse systems are an integral part of any warewashing program. They help ensure optimal results at the lowest overall cost. One-pass warewashing is the objective and choosing the right pre-rinse unit and spray head is essential to achieve this goal.

DISHROOM ACCESSORIES

Tabling to Fit Any Design

Ecolab uses 16 gauge "300" series stainless steel tops with galvanized legs and gussets and adjustable feet. Stock stainless steel tables come pre-drilled to accommodate an 8" center back mount faucet. Soil side tables come standard with a 20" x 20" x 5" seamless, pre-rinse sink. All tables have an extra tall 10" splash with 2" return to protect walls and surrounding areas. Stock tables fit on most dishmachines (except Intedge, Knight Convertible and the Blakeslee D-8). Ask your Ecolab representative for assistance with custom tabling to fit any kitchen.

LENGTH	Soil Side Tables		Clean Side Tables	
	Left Side	Right Side	Left Side	Right Side
24"	Not Available	Not Available	96002217	96002225
36"	96002241	96002258	96002050	96002001

60"	96002043	96002118	96002076	96002027
72"	96002126	96002159	96002134	96002142

Load and Fold Table

Durable design takes up minimal space and folds away when not in use. Helps promote food safety by conforming to clean/dirty side dish room codes. Measures 2' x 2' and is made of stainless steel.

- 96587530

Sink Scrap Block

Helps prevent smaller items such as flatware from sliding into the drain. Tables do not come pre-drilled for scrap blocks.

- 96218177

Safety Baffle

Constructed of grey rubber. Fits sink openings of 5 ¼" to 5 ¾".

- 92902010

Pre-Rinse Baskets

Pre-rinse baskets help prevent unwanted items from clogging the disposal and help save valuable flatware from being destroyed. The pre-rinse slide bars allow for easy movement of racks over the sink and into the dishmachine.

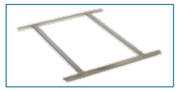
PRE-RINSE BASKETS WITH SLIDE

- 92952002

- 96002084

PRE-RINSE SLIDE BAR

- 96002092



- 92952000

30" Undershelf

Add an extra shelf integrated into the tabling for a secure location to store additional items such as racks.

- 96002167

Ecolab Hose Reel

This powder coated, heavy-duty steel reel can be mounted vertically or horizontally. The new and improved 35' braided hose is rated for up to 300 psi and is made of black SBR rubber with a 176˚F maximum temperature.

- 92972015

SWIVEL MOUNTING BRACKET

- 96022035

Bucket Boosters

Bucket boosters elevate chemical pails 12" off the floor, as required by many health departments. One piece solid polyethylene construction.

- Twin 92992569
- Triple 92992577

Ecolab Insulated Trigger Sprayer

For use with Ecolab Hose Reel.

- 85310015

TRIGGER SPRAYER WITH QUICK DISCONNECT

- 92972016

Booster Blanket

Prevents corrosion, rust and scratches on the exterior of a booster heater. Shields from water and detergents which can cause gasket damage and lead to electrical shorts. Durable vinyl is easy to clean.

- X-Large 92952811
- Large 92952787
- Small 92952779

Pail Dollies

Reduces the risk of back injuries caused by lifting and moving heavy pails. The swivel stem casters allow pail to freely move across the floor. Five-caster design provides extra stability. Keeps pails elevated off the floor and allows for easy floor cleaning. Durable, polyethylene construction won't rust or mark. Easy to clean – can be washed in commercial dishmachine.

75-LB CAPACITY PAIL DOLLY

- 11", 5 casters, plastic. 92908425

230-LB CAPACITY PAIL DOLLY

- 15", 5 casters, metal 92900032

E-Z Drain Sleeve

- 8" - 9" square 92972504

Square Floor Drain

- 8 ½" square 96202874

Round Floor Drain

- 9 ½" diameter 96202890

FLOOR MATS

Mats Provide Additional Comfort and Safety

The proper mats will assist the overall operation by providing added protection against slips and falls while creating a more comfortable work environment for your employees. Ecolab offers a variety of matting solutions to meet the individual needs of each location.

Mobile Mat Rack

The Mobile Mat Rack transports mats quickly and easily from workstations to cleaning areas. Mats no longer need to be dragged by hand or thrown on bus carts. The rack holds up to ten 3' x 5' commercial mats, with a load capacity of 500 pounds. Measures 42" x 28" x 40".

- 92992000

PROPER MAT CLEANING:

- Hang mat on Mobile Mat Rack.
- Sweep all loose debris from the mat using a broom or dry dust mop.
- Apply product to the mat by spraying or mopping.
- Brush the mat thoroughly using a deck or scrub brush to loosen soil.
- Rinse the mat thoroughly with clean water.
- Leave mat hanging on Mobile Mat Rack to drip dry.

	Premium Grease Proof Mat	Grease Resistant Mat	Cushioned Anti-Fatigue Mat
Ecolab Item #	92972018 / 92972020	92972925	92972017
Size	3' x 5' / 3' x 3'	3' x 5'	3' x 5'
Color	Black	Orange	Black
Weight	25 lbs. / 14 lbs.	25 lbs.	7 lbs.
Common Uses	Areas with exposure to grease ▪ Dishmachine area ▪ Bar area ▪ Food prep line	Areas with exposure to water ▪ Expediting station ▪ Ice machines ▪ Beverage stations	Dry areas in need of ultimate comfort ▪ Front desk ▪ Bell stand ▪ Laundry
Benefits	▪ Heavy-duty grease-proof mat that will retain its shape and continue to help prevent slips and falls even in high grease environments ▪ Provides exceptional anti-fatigue support ▪ Raised bottom for free air circulation and odor elimination ▪ Raised ribs on the surface to reduce dangerous, costly slips and falls ▪ Octopus grippers on the underside to help ensure non-slip performance ▪ Beveled edges for easy access for rolling carts ▪ Drainage holes to keep debris from building up on the surface	▪ Grease-resistant medium-duty mat that provides added protection against slips and falls by allowing debris and liquids to channel through the open design ▪ Provides exceptional anti-fatigue support ▪ Raised bottom for free air circulation and odor elimination ▪ Raised ribs on the surface to reduce dangerous, costly slips and falls ▪ Octopus grippers on the underside to help ensure non-slip performance ▪ Beveled edges for easy access for rolling carts ▪ Drainage holes to keep debris from building up on the surface	▪ Helps reduce back, leg, foot and ankle fatigue ▪ Helps alleviate employee strains and pains ▪ Provides non-slip safety ▪ Beveled edges for easy access for rolling carts
Warranty	5 years	2 years	2 years

Mat Connector for 3' x 5' Mat

For 3' x 5' grease proof/resistant mats

DISHMACHINE REPAIR PARTS

Keep Your Dishmachine Operating at Peak Efficiency

Minimizing downtime for the dishmachine is critical in every kitchen. Regular preventative maintenance can help keep your operation running smoothly.

Service Parts Requiring Regular Replacement

PART	Frequency of Replacement	Reason	Common Part Numbers
Rinse Nozzles / Rinse Arm Assembly	Every 6 months	▪ Worn rinse jets increase flow rate, costing you more in water and detergent ▪ Warewashing results diminish with improper water pressure	▪ Rinse nozzle for Hobart AM14. . . . . 85312171 ▪ Opti Rinse nozzle . . . . . 96552081 ▪ Rinse nozzle for Hobart C44A Series . . . . .85312163 ▪ Rinse arm assembly for Hobart AM15. . . . 96552110
Wash Manifold and End Cap O-Rings	Every year	▪ Worn O-rings can cause poor performance due to reduced water pressure	▪ Hobart A Series endcap O-ring . . . . . 96532395 ▪ Hobart A Series wash manifold O-ring . . .87206660
Drain O-Rings	Every 6 months	▪ Worn or missing O-rings can allow water to escape down the drain, increasing water usage	▪ Hobart AM14, AM15, A Series and CLe Series drain O-ring . . . . . 96552831 ▪ Hobart AM8-11, and C-Line without pre-wash tank drain O-ring. 87206256
Solenoid Valve Repair Kit	Every 6 months	▪ Diaphragms and parts can become clogged, leading to increased water usage and poor performance	▪ ½" Parker solenoid valve repair kit . . . . .85283489 ▪ ¾" Evans solenoid valve repair kit. 85283406
Vacuum Breaker Repair Kit	Every year	▪ Vacuum breaker plungers and O-rings can become worn and scaled over time, causing water to leak out of the machine	▪ ½" Vacuum breaker std repair kit. . . . . 85284156 ▪ ¾" Vacuum breaker std repair kit 85284164
Wash Arm and Rinse Arm Bearings (Door Machines)	Every year	▪ Wash arm bearings can become worn over time, causing the arm rotation to slow and sometimes stop, drastically reducing results	▪ Hobart AM14 wash arm bearing. . . . . 96551023 ▪ Hobart AM15 wash arm bearing. 96552111
Endcaps	As needed	▪ Endcaps can become damaged during daily maintenance, reducing water pressure at the nozzle, which can drastically reduce cleaning performance	▪ Hobart A Series endcap *(push-on)* . . . . . 96557756 ▪ Hobart A Series endcap *(threaded)*. . . . . .96533088 ▪ Hobart C Line endcap 96552377

The Monitor – Dishmachine Efficiency Center

A customized program that prevents costly downtime and maintains dishmachine efficiency:

REDUCES MACHINE DOWNTIME

- For emergency repair situations or regular machine maintenance, having the proper parts on hand saves headaches and reduces business interruption.
- Routine dishmachine maintenance extends the life of the unit and lessens costly repairs.

CUSTOM SET-UP

- Your Ecolab representative orders the initial parts needed for your dishwashing equipment. A maintenance log, listing all parts and installation dates, is included in the cabinet.

CONVENIENT, SECURE

- The wall mountable storage cabinet keeps all repair parts in a centralized location. Cabinet locks for security.

- Hobart C-A Series 92901784
- Hobart AM14. 92901834
- Hobart CLe Series. 92901011
- Hobart C Series. 92901826

CURTAINS

Dishmachine and Cooler Curtains Promote Energy Efficiency

Valuable heat can escape dishmachines when worn curtains are used. This drop in temperature produces diminished warewashing results and increases overall energy costs. Heavily soiled curtains can also transmit mold and mildew to wares coming out of the dishmachine.

Ecolab Curtains Provide Enhanced Temperature Control and Sanitation

- MicroChek™ antimicrobial ingredient is built in to preserve the curtain by minimizing mold growth and reducing micro-organism growth.
- Added insulation and thickness offer greater heat retention and reduced tank splash over.
- "Pebble" finish sheds water and soil and resists corrosion from dishmachine elements.
- Sizes are available to fit any conveyor or flight machine.

Dishmachine Curtain Rods

For Champion, Hobart and Stero curtains.

BAR AREA EQUIPMENT

Equipment Designed to Optimize Glass Washing and Bar Safety

Bar areas are exposed to a variety of unique circumstances which create the need for solutions that are designed specifically for bars.

Barmaid Submersible Motorized Pub Scrub

This submersible unit is designed for use behind the bar and has 5 - 6 ½" brushes. UL, CSA and NSF approved.

- 96218285

REPLACEMENT BRUSHES (5-PACK)

- 96218292

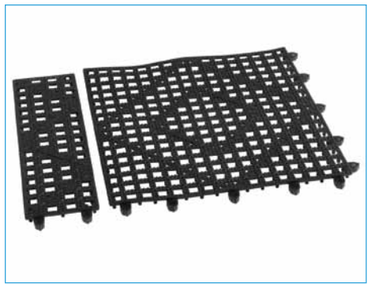
Manual Triple Glass Washer

This low-cost solution will aid in cleaning glasses behind the bar. 3 - 8" brushes.

- 96218243

REPLACEMENT BRUSHES (5-PACK)

- 96218318



Interlocking Bar Mat

Ideally suited for larger areas such as beverage and wait stations. Safe to run through the dishmachine. Measures 12' x 12'.

- 92972082

Interlocking Bar Mat Strips

Great for speed rails, underneath beer taps and in bar-top troughs. Measures 3 ½" x 12".

- 92972074

Bar Dandy™

Low-foaming liquid detergent for use in bar glass washers.

- 14050
- 4 1-gallon

LAUNDRY EQUIPMENT

Laundry and General Carts Create Efficient Transportation Systems

Ecolab has teamed up with Royal Basket to provide the highest quality cart solutions to meet even the most demanding operations. Available in a variety of styles, sizes and colors, these transportation solutions allow for safe and efficient transportation for everything from linens to recyclable items. Let your Ecolab representative assist you in designing a cart program specifically designed to meet your operation's needs.

7 Questions to Ask When Ordering

1. SIZE (WHERE WILL IT BE USED)?

- Doorways – 18 bushels (42" x 30" x 30") is the largest size to fit through a standard doorway.
- Counters or other obstacles – verify the height.

2. LINER TYPE?

- Vinyl – Nylon reinforced, flame retardant, mildew resistant and UV resistant. *(Available in 12 colors)*
- Canvas – Abrasion resistant. *(Available in white only)*

3. LINER INSTALLATION?

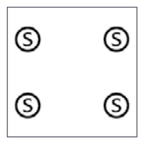
- Permanent – Factory installed (consider shipping costs due to dimensional weight).
- Removable – Requires field installation.

4. LINER COLORS (VINYL)?

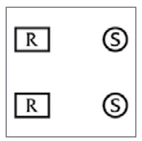
- Blue (BL)
- Red (RD)
- Green (GR)
- Yellow (YL)
- Brown (BR)
- Tan (TN)
- Gray (GR)
- White (WH)
- Black (BK)
- Orange (O)
- Navy Blue (NB)
- Purple (P)

5. CASTER PATTERN?

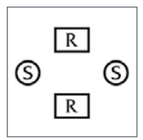
S = Swivel, R = Rigid



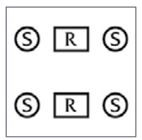
Pattern A:
Corner mount, 4 swivel casters, most common pattern



Pattern C:
Corner mount, 2 rigid, 2 swivel casters, ideal for long, straight runs



Pattern D:
Diamond mount (tilt), 2 rigid, 2 swivel casters, traditional postal card design



Pattern E:
Full mount, 2 rigid, 4 swivel casters, where added strength is needed

6. CASTER TYPE/SIZE?

- 3" polyurethane standard.
- 4", 5" or 6" wheels optional.
- Other upgrades available – hard rubber, soft rubber and polyolefin.

7. FREIGHT?

- One or two units, knock down (KD) ships UPS (8bu, 10bu, 12bu, 14bu or 16bu), some assembly required.
- 3 or more ship common carrier.

7 Key Features

- Top crown 22 oz. flame retardant, mildew and UV resistant dock black vinyl.

- 2" seam welds join ⅜" steel rods.

- Base is made of 1" x 2" and 1" x 6" kiln-dried select hardwood.

- Unique weight transfer interlock system unitizes base, frame and casters for maximum strength.

- Standard 3" polyolefin casters with 600 lb. capacity.

- Liners are made from super-strong, flame retardant, mildew and UV resistant vinyl and includes a large work pocket.

- Nestable for shipping and storage.

Laundry Cart Sizing Chart

Permanent Liner Carts

- Most popular and versatile model.
- Liner is permanently riveted to the frame.
- Ships fully assembled.
- Reinforced handle is sewn and riveted for added durability.
- 2" nylon webbing rod pockets.

Removable Liner Carts

- Removable super-strong vinyl liner is laced to frame with nylon rope through a double row of rust-resistant grommets in a reinforced hem.
- Minimal assembly required.
